**Complete Collaboration Solution for Midsize Meeting Spaces**

Solstice Conference paired with the Logitech Rally combines the reach of video conferencing with the power of rich, multi-participant content sharing to enhance the collaboration experience between onsite and remote users.

This room solution delivers the convenience of a traditional room system with the flexibility to use any conferencing service installed on the meeting host’s laptop.

**Solstice Conference**
- Multi-participant content sharing from any device
- Agnostic support for all major conferencing services
- Easy, one-step start from the meeting host’s laptop
- Wirelessly connects the Logitech Rally system to the conference
- Enterprise-grade security and fully IT-compliant
- Cloud-based deployment management and analytics

**Logitech Rally**
- Ultra-HD ConferenceCam creates studio-quality video
- Front-of-room speaker provides rich, life-like sound
- Intelligent tabletop mic pod zeroes in on active speakers while reducing background noise
- For larger room configurations, additional mic pods can be added

**Meeting Host Laptop**
- Requires Windows or macOS laptops to host meetings
- Supports Zoom, Teams, and most other conferencing apps

mersive.com/video-conference
Installation Instructions

1. Mount the Logitech Rally Display Hub and Table Hub, and connect the two to power.
2. Connect the Display Hub to the Table Hub via the CAT-6 Ethernet cable.
3. Connect the Display Hub to the Solstice Pod via USB A to B.
4. Attach the Solstice Pod to power and the local Ethernet and/or wireless network (PoE+ supported).
5. Connect the Pod to the display monitor via HDMI (outer HDMI 1 port recommended). An optional second display monitor can also be connected to the Pod.
6. Connect the Rally Camera to the Display Hub via USB-C.
7. Connect the Rally Mic Pod to the Table Hub via USB-C.
8. Connect the Rally Speaker to the Display Hub via mini XLR.
9. As a note, Mersive recommends configuring the Solstice Pod’s basic settings, such as updating the display name to match the room name.

For conferencing support, meeting hosts simply install the Solstice app on their laptop device along with their web conferencing application of choice. As a note, the host laptop must be connected to the same network as the Pod.

System Components

Mersive Solstice
- Solstice Pod Gen3
- HDMI cable
- Power supply

Logitech Rally
- Rally Camera
- Rally Speaker (x1)
- Rally Mic Pod (x1)
- Rally Display Hub
- Rally Table Hub
- Remote Control
- USB Type C to USB Type C
- USB Type A to USB Type B
- CAT6A Ethernet cable
- HDMI Type A (x2)
- A/C cables (x2)
- Mini XLR
- Power supplies (x2)

Additional Requirements
- Meeting host laptop (Windows or macOS)
- Web conferencing service (Teams, Zoom, etc.)
- Current Solstice Subscription
## Technical Specifications

### Solstice Pod Gen3

**Part #: SP-8000-E1**
